Table of contents

① Layout

② Environments

Text environments

Mathematical environments

③ Thanks

Background

The background image is a faded navy blue oak leaf, stored as a PNG. It is activated by the `bgleaf` option:

```
\useoutertheme[bgleaf]{uconn}
```

Like the others used in this theme, the image comes from the bulk logos download at UConn Brand Standard.

Logo

The woodmark used in the footer is determined by the logo option:

```
\useoutertheme[logo=uconnhealth]{uconn}
```

It currently accepts the following options:

- uconn
- uconnhealth

Any other option will produce no footer logo.

Symbols

The classic (black) oak leaf is encoded as a symbol `\oakleaf`, and can be used in mathematical environments, e.g.

$$\text{\oakleaf}^{\mathbb{C}} = \text{\oakleaf} \otimes_{\mathbb{R}} \mathbb{C},$$

or in text (`\text{\oakleaf}`).

An inverted-color oak leaf is encoded as `\oakleafbox` (see the slide on claims and proofs).

Blocks

Block

This is a text block, formatted as in the default template.

Alert block

This is an alert text block, also formatted by default.

More may be done in future to customize the block environments.
Suggestions are welcome!

Definitions and examples

Definition

A **definition** block is by default formatted like a text block.

Text formatting like `\bfseries` (boldface) can be called within blocks.

Example

An *example* is also a block, formatted a bit differently.

Claim and proof environments

Theorem

Claim blocks, including lemma, theorem, and corollary, use slant-shaped font (`\slshape`) to emphasize their contents.

Proof.

This proof block shows that the customary open square tombstone has been changed to a UConn oak leaf (white inside a black square).

Corollary

The box oak leaf can also be used inline: 

Acknowledgments

The Beamer class users guide and Thierry Masson's Beamer cheat sheet were indispensable aides to building this theme, as were several helpful discussions on the T_EX–L^AT_EX Stack Exchange.

See the UConn Brand Standards website, in particular the PowerPoint templates, for more detail on the images and layouts used here.

Please send feedback to Cory at brunson@uchc.edu.
