Table of contents

Background

The background image is a faded navy blue oak leaf, stored as a PNG. Like the other images used in this theme, it comes from the bulk logos download at UConn Brand Standard.

Symbols

The classic (black) oak leaf is encoded as a symbol \oakleaf, and can be used in mathematical environments, e.g.

$$\maltese^{\mathbb{C}} = \maltese \otimes_{\mathbb{R}} \mathbb{C},$$

or in text (🌿).

An inverted-color oak leaf is encoded as \oakleafbox (see the slide on claims and proofs).

Blocks

Block
This is a text block, formatted as in the `default` template.

Alert block
This is an alert text block, also formatted by default.

More may be done in future to customize the block environments. Suggestions are welcome!

Definitions and examples

Definition
A **definition** block is by default formatted like a text block.

Text formatting like \bfseries (boldface) can be called within blocks.

Example
An *example* is also a block, formatted a bit differently.

Claim and proof environments

Theorem
Claim blocks, including `lemma`*,* `theorem`*, and* `corollary`*, use slant-shaped font (*`\slshape`*) to emphasize their contents.*

Proof.
This proof block shows that the customary open square tombstone has been changed to a UConn oak leaf (white inside a black square). 🔲

Corollary
The box oak leaf can also be used inline: 🔲

Acknowledgments

The Beamer class users guide and Thierry Masson's Beamer cheat sheet were indispensable aides to building this theme, as were several helpful discussions on the TeX–LaTeXStack Exchange.

See the UConn Brand Standards website, in particular the PowerPoint templates, for more detail on the images and layouts used here.

Please send feedback to Cory at `brunson@uchc.edu`.
